EXPERIENCE

USER EXPERIENCE/DIGITAL DESIGN INTERN \ CHRISTIANACARE

Jun 2021 - Aug 2021

Researched and proposed designs that showcased the potential of collaborative computing in AR/VR. Focused on the look, feel, and usability of platform tools and the user experience with virtual and augmented spaces created. Developed and facilitated 40+ AR/VR technology workshops to derive valuable use cases in a healthcare environment. Enabled strategic planning with internal/external leaders and experts to help position ChristianaCare for new opportunities.

PROJECT DESIGNER \ D2 GROUPS

Jun 2015 - Sep 2018

Worked on corporate projects up to 100,000USF from start to end. Sketched testfits and schematic designs that fulfill the client's program and visions. Produced complete sets of construction documents and participated in construction administration. Built confidence with the clients to establish a full design package. Bridged gap between clients, design, and construction teams to complete projects.

UX/UI PROJECTS

PRODUCT DESIGNER & RESEARCHER \ STUDY-BITES

Jan 2021 - May 2021

Led the research effort by recruiting high school students and moderating several user interviews. Proposed new designs to help teachers and students tackle the overwhelming and disorganized nature of AP World History with intuitive UI and improved web navigation.

TEAM MANAGER & DESIGN LEAD \ NEW YORK CARES

Sep 2019 - Dec 2019

Re-designed the organization's website from concept to prototype. Employed a variety of design methods aimed to understand users and their contexts.
